

geological history of the Rocky Mountains and experience and discuss inquiry-based scientific methods. The group built upon their growing geological knowledge to investigate the geological evolution of the Teton Range. The spirit of the 2014 course was captured in a short video that aired as part of the Nebraska public television program “Nebraska Stories.” Please find this program at: <http://video.netnebraska.org/video/2365367432/>

Figure 2. A mirror-calm setting at the UW-NPS Research Center’s boat ramp welcomed our group.
